**Tips:** The menus listed above give the basic ingredients for the meals. You will need to add herbs and spices to suit your taste buds. You can also add chicken or beef broth to add flavor when cooking. Low-sodium varieties are recommended. In addition, you can add more non-starchy vegetables from the Vegetable List, but not more of the fat that they may be cooked with. These vegetables have few calories, and are stuffed with vitamins, minerals and fiber. You can also use oil-based cooking sprays for cooking. Be very careful when selecting beverages. In addition to the milk shown in the menus, you should drink 8 cups of water a day. All other drinks should be calorie-free!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

**Tips:** If you are lactose intolerant, try nonfat or 99% fat-free lactaid milk. One-percent fat milk is also acceptable with meals. You can try light fruited yogurt instead of plain, nonfat yogurt. These yogurts are fat-free and sweetened with aspartame. They have 100 calories per cup. You can add a sugar substitute when making the shake for snack. If you do not drink milk or eat yogurt, you can substitute a cup of milk or yogurt with a serving of food from the Grain, Starch & Sugar Group or the Fruit Group - 4 fat-free wheat crackers, 3/4 ounce pretzels or 1 medium-sized piece of fruit. Nonfat, low-fat and regular salad dressings are used in the menus depending on the amount of other fats in the meals. The portion sizes vary, depending on the kind of dressing used.
